ASEA®

Welcome to Club One™

CLUB ONE™ IS A SYSTEM DESIGNED TO HELP YOU START AN ASEA BUSINESS AND KEEP IT GROWING. Whether you're brand new to ASEA or building toward bigger goals, Club One gives you simple and clear direction: Take action, earn points and rewards, and create momentum that lasts. Wherever you are in your ASEA journey, Club One is here to guide you forward.

Club One is the heartbeat of your ASEA journey. Each new customer you enroll, Brand Partner you mentor, and every Director 300 you help build is proof of your leadership in action. These key behaviors can fuel your momentum. Club One recognizes and rewards you for completing these actions that matter most.

The more you accomplish, the more points you earn. Those points unlock recognition, rewards, and personal growth on your ASEA One™ journey. When you share, mentor, elevate, and repeat, you set a pattern your team can follow. When they duplicate, momentum amplifies—driving volume, building new legs, advancing ranks, and sparking lasting income.

And here's the truth: Every Brand Partner in ASEA from Director 300 (D300) to Diamond leaders began by doing these three things:

Share

Attract new customers and Brand Partners.

Mentor

Guide sponsored Brand Partners toward success.

Build

Develop new D300s and empower them to do the same.

**THIS IS THE PATH TO SUCCESS:
DO IT > TEACH IT > YOUR TEAM REPEATS IT**

IT'S SIMPLE.
IT'S POWERFUL.
AND IT WORKS.

How Club One Works

EARN POINTS. UNLOCK REWARDS.

ADVANCE YOUR JOURNEY.

What's a cycle?

A cycle is a 4-week period aligned with ASEA's commission calendar. At the end of each cycle, your points reset—so you always start fresh with a new opportunity to qualify again.

Club One teaches you the exact actions that build long-term success— and rewards you for doing them. The program runs in 4-week cycles aligned with the ASEA Global commissions calendar. At least 3 of your points each cycle must come from new enrollments (customers or Brand Partners). At the end of each cycle, your points reset, giving you a fresh start and another opportunity to qualify.

Jumpstart Your Club One™ Journey

BONUSES TODAY. GROWTH TOMORROW.

What are Jumpstart cycles?

They're simply your first three Club One cycles, where you can earn extra rewards as you get started. Your first cycle includes the remainder of the current cycle plus the next full 4-week cycle—so you always have four weeks to take action.

More good news! If you attain Club One+ during the partial ASEA cycle when you first enroll, your second cycle will begin with the very next ASEA cycle. This way, your momentum for qualifying for another cycle of Club One or Club One+ isn't slowed down.

When you first join ASEA, your first three cycles are your Jumpstart cycles—a launch period designed to give you extra time, extra rewards, and the momentum to help you start strong and build momentum fast. From the day you enroll, your first cycle includes the remainder of the current cycle plus the next full 4-week cycle—so you always get a full four weeks to take action during your very first cycle.

After your Jumpstart cycles, Club One continues seamlessly with ongoing monthly rewards and recognition that keep your business growing.

Optimized Team Commissions pay you the greater of 5% PGV3 or 10% lesser-leg GV. Doubling Optimized Team Commissions means your PGV3 payout increases from 5% to 10% (up to the program limit).

In addition to cash and commission rewards, Club One achievers are also celebrated in other ways. Each month, ASEA holds exclusive prize drawings for all global qualifiers, giving you extra chances to win just for doing the work. Every Club One and Club One+ achiever is also recognized globally, with names and stories highlighted across ASEA channels—so your success is not only rewarded, it's seen and celebrated by the entire global ASEA community.

How Club One™ Works During Jumpstart Cycles

YOU HAVE THREE CYCLES TO EARN— rewards are unlocked based on how many times you achieve Club One or Club One+, not the current cycle number.

1st
time you achieve
Club One → 1st
cycle rewards
earned

2nd
time you achieve
Club One → 2nd
cycle rewards
earned

3rd
time you achieve
Club One → 3rd
cycle rewards
earned

EXAMPLE

- If you qualify for Club One in your first cycle, you earn your first cycle rewards.
- If you don't qualify in your second cycle, you don't earn that cycle.
- If you then qualify in your third cycle, that counts as your second qualification—earning you second cycle rewards, not third cycle rewards.

Example

Your First Cycle

You enroll two new customers on subscription (6 points) and one new Brand Partner (4 points). That's 10 points, and you've now qualified for Club One™!

You get a **\$50 US** bonus.

+

Unlock **30%** Fast Start Bonus in your second cycle.

What does unlocking the 30% Fast Start Bonus mean for you?

Your next cycle you enroll a new Brand Partner with the Essentials Pack (150 PV).

Instead of 20% of 150 = **\$30 US** → You earn Club One, so you get **30%**. → 30% of 150 = **\$45 US**

Your Second Cycle

New cycle, fresh points. Enroll two more Brand Partners (8 points), sponsor a new customer with a one-time, non-subscription order (2 points), and mentor your first enrollee to reach Club One for the first time (5 points). This totals 10 points—rather than 15, since the 5 mentor points will apply next cycle—and you've qualified for Club One again.

You get a **\$75 US** bonus.

+

Unlock **30%** Fast Start Bonus on all enrollments in your third cycle.

Your Third Cycle

You add three new customers with a subscription order (9 points), upgrade three customers to a Brand Partner (3 points), and you also earned 5 mentor points in your second cycle that apply to this cycle. That's 17 points and you earn Club One+.

+  **\$100_{US}**
Club One Bonus

+  Unlock
30%
Brand Partner Fast Start Bonus on all enrollments in your next cycle.

+  For achieving Club One+, on your next cycle you earn
DOUBLE Optimized Team Commissions

What Double Optimized Team Commissions Means for You

Before (no Club One+)

In your fourth cycle, you have 850 PGV3. Normally, Optimized Team Commissions would pay **5%** of your total PGV3
= \$42.50 US for the week.

After (with Club One+)

Because you earned Club One+ in your third cycle, your fourth cycle commissions are doubled—paying **10%** of your total PGV3
= \$85 US for the week.

That's **DOUBLE** the income—just for hitting Club One+.

Multiply that by four weeks in a cycle, and what would have been **\$170 US becomes \$340 US.**

Double Optimized Team Commissions Example

Scenario	PGV3 Volume	Commission Rate	Weekly Payout	4-Week Total
Before (no Club One+)	600 PGV3	5%	\$30 US	\$120 US
After (with Club One+)	600 PGV3	10%	\$60 US	\$240 US

Each cycle resets, but your consistency keeps momentum alive. By enrolling, mentoring, and building every four weeks, you can unlock new rewards, recognition, and behaviors that compound over time.

“This is one of the most powerful shifts we’ve ever made. We’re giving every new Brand Partner a way to double what they could earn with Team Commissions.”

Jarom Webb
 VICE CHAIRMAN, FOUNDING EXECUTIVE & CEO
